Front Garden Stalls - open 11am to 5pm

Following a very successful first stalls afternoon last year, we are looking forward to this event. A wide range of stalls are being booked around the village. The map of stalls will be available soon after the booking closing date of 19 June - at www.ocaoakley.org.uk on the Oakley Village Show page - on social media and with hard copies also available.

We really hope local folk will take this opportunity to sell from their own front garden and also have a walk around our lovely village!

OCA is merely facilitating/advertising the event and we are sure you have thought through the safest way to run your stall for all concerned. Please note that it is up to individual stallholders to comply with any current hygiene/health and safety/Covid related requirements as we cannot advise on these.

We have, however, made a quick check list which you may find helpful:

1. Stallholders are advised to wear masks and consider gloves
2. Have a bottle of hand sanitizer in case required by both customers and those serving
3. Be aware of current social distancing requirements
4. Keep prices simple to avoid needing to handle cash
5. Display your sale items clearly priced and clearly visible, to avoid people having to rummage or pick up unnecessarily
6. Perhaps a simple sign asking people to only pick up items they wish to buy
7. Food hygiene qualification/insurance cover essential for stalls selling cooked items
8. Any edible items on sale should be wrapped/in clear bags, showing price and contents

Enjoy the day and thank you for making this "alternative" Show possible!
