

**Honey ! Honey ! Honey !**

**Come to the Bee Fayre Celebration**  
**Wootton St Lawrence Church**  
**and Meadows RG23 8PE**  
**on Saturday 6th August.**

The church bell rings to open the Fayre 11am, and closes with beekeepers thanksgiving for the new honey harvest at 4pm

A wonderful family day out - experience the secret life of bees through local market stalls, beekeeping workshops, demonstrations, crafts, activities, short talks and presentations and much more, including bee sculptures and roving minstrels. Come and connect back with nature - discover wildflowers, trees, hedgerows and even your gardens to create a sustainable environment that is good for both us and our honey producing friends.

Through the day there will be ..... 

*Presentations Inside Wootton St Lawrence church*

- Hear the Honey and Bumble Bee story
- Listen to the Charles Butler story - Father of English Beekeepers
- Hear Charles Butler's bee Madrigal
- Honey tasting experience - meet the Honey Master

Admire the wild flower from seeds displays created by local children.

*And in the Church Meadows*

- Meet the beekeepers with live demonstration beehives, honey and beeswax
- Get to know more about our lovely buzzing Bumble Bees and the busy single Solitary Bees...
- Learn about wild flowers, pollinators, wildlife, and bee crafts
- Find out how you can help create a sustainable environment for bees
- Find out why bees are so important to our green planet
- Get involved with craft activities for the kids and families
- Face-painting and Thomas the Tank Engine for the under 10s.

Watch out for roving minstrels performing in the Meadows!

And our particular highlight! Chris Park, the UK honey bee leading expert in traditional bee craft and bee-hives called Skeps, will talk about bees and skeps inside the church and be demonstrating and answering your questions in the Meadows, just to tell you how special they are!

Bee There!
